Dear [REDACTED]

RE: SCCL-FOI-2025/26-093

Thank you for your FOI request received by the FOI office for the following information:

- Please could you provide the following details regarding the NHS Supply Chain Office Supplies framework:
 1. The **annual turnover or total spend** associated with the Office Supplies category for each financial year since the start of the current framework (July 2022)
 2. A breakdown of spend by **product lot**, if available (e.g., paper and card, general stationery, cartridges, technology, etc.)
 3. The **top five suppliers** by spend within the Office Supplies framework
 4. Any available data on **year-on-year growth or decline** in spend within this category

Your request has been handled as a request for information under the Freedom of Information Act 2000 and SCCL are able to provide a response in the attached spreadsheet. There is additional spend on technology through this framework that isn't transacted through the catalogue (direct), which is approximately £4 million ex.VAT since the start of the framework. As this is not transacted directly through our Framework we cannot access in depth data.

We hope that this response addresses your request. However, if you are dissatisfied with this response, you may request an independent internal review of our handling of your request by submitting a complaint within two months to the postal or e-mail addresses above, quoting the reference number above. If you ask for an internal review, it would be helpful if you could say why you are dissatisfied with the response.

As part of any internal review the handling of your information request will be reassessed by a member of SCCL staff who was not involved in providing you with this response. If you remain dissatisfied after this internal review, you will have a right of complaint to the Information Commissioner as established by section 50 of the Freedom of Information Act.

If you require any further information do not hesitate to contact the FOI team.

Yours sincerely

FOI Team
